Wake Up!

♪ Verse 1 ♪

Feel so tired, have no desire,
Can't inflame my inner fire.
Call my friend or what's to do,
I waste my time, but have no clue.
Tell me, what's that all supposed to mean!?!

♪ Chorus ♪

Wake Up! Wake Up! Let the morning break up.
See the things through different eyes.
Play the game and toss the dice.

♪ Chorus var. 1 ♪

Dream on, Dream on, you will never light it on.
Fading like a flower, self-petying, craven, dead.

♪ Verse 2 ♪

Sitting here, the whole long day.
What's up with me - will I find a way?
I can stand it anymore.
Run outta street and bang the door.
Danger, danger, danger - is a real emergency!

♪ Chorus ♪

♪ Chorus var. 2 ♪

You are crying, lost your friend and feel so bad.
Standing on the bridge, descrying life's not really glad.

♪ Chorus ♪

♪ Chorus var. 3 ♪

Follow, follow, you will never walk alone.
Dancing to the music. Feel so good and shake the bone!
